

WALTHER & CO.

THE COLLECTION

In Walther & Co's Christmas collection **NATURAL** materials in **SHADES** of grey, violet and brown create a timeless **LIGHTNESS**. Pearls, buttons, little bells, fabrics, candlesticks and pillows invite you to mix and **MATCH** all items to create your own **PERSONAL** style: Modern bohemian, ethnic global or classic with a modern twist.

HANDMADE

The meticulous embroideries, prints, carvings, braidings and joinings all have a unique **FINISH** which unites centuries of traditions with modern design. Every **DETAIL** in Walther & Co's Christmas collection has passed through the hands of **SKILLED** craftsmen. The little differences from being handmade give every item personality and **LIFE**.

THE MATERIALS

Transparent organza, **FROSTED** mother-of-pearl and gossamer filament mixes well with **RUSTIC** zinc, golden brass and **DELICATE** mouth blown glass. The materials are bent, braided and **FOLDED** to form hearts, angels, stars, leaves, acorns, birds, etc.

HEARTMADE

Our hearts play an important role when we create **NEW** products. We only allow a design into our collection if we would hang it on our own Christmas tree, use it for **DECORATION** or as a cherished **PRESENT**.

THE INSPIRATION

The company is named Walther & Co after my **GRANDFATHER**. He travelled a lot in Indonesia and India and always brought back exciting and **SPECIAL** objects. This has inspired me to mix **NORDIC** traditions and Asian **MYSTERY** in a both nostalgic and contemporary design.

I have always worked with different materials and techniques and I seek inspiration **EVERYWHERE**: During a walk in the **FOREST**, visiting a flea market or talking to interesting people. I also **TRAVEL** a lot – to **INDIA**, Morocco and Turkey where traditional arts and crafts are still practised.

THE COMPANY

Walther & Co was founded 15 years ago. My **FIRST** design was the oval brass candle holder with 24 **CANDLES** which you can still find in our collection. Today, we produce around a hundred **NEW** designs every year, but we continue to produce the popular **CLASSICS**.

Our most important **MARKET** is Scandinavia. But our collection is available in a **GROWING** number of European countries and lately also in South Korea, Russia and Japan. You can meet Walther & Co and **SEE** our Christmas collection at the following **FAIRS** during the year:

FORMEX IN STOCKHOLM

Sweden

FORMLAND IN HERNING

Denmark

MAISON & OBJETS OUTDOOR-INDOOR IN PARIS

France

AMBIENTE IN FRANKFURT

Germany

TRENDSET IN MUNICH

Germany

Best wishes,

Birgitte Herrig

designer and managing director
